# Philippine Food Mission to Canada

The Trade Section of the Philippine Consulate General in Toronto is pleased to announce the 'Philippine Food Mission to Canada'. From organic coconut products to traditional Filipino snack food, and indigenously grown superfood, a group of 14 producers/exporters will be available to meet trade buyers, importers and distributors representing the open yet discriminating taste of the Canadian food market. Together with the Export Marketing Bureau of the DTI and the assistance of TFO Canada, we would like you to experience the best of Filipino SME food exporters on April 26 to May 7!
